**Details:**

I have been teaching A-level & AP Chemistry for the last 16 years. I have been lucky enough that I got this experience by teaching in educational institutions of prestige and centre of multicultural learning. This cross cultural exposure enriched my teaching experience to a considerable extent.. These years of progressive, challenging and ever evolving teaching has taken me to a position where I find myself well equipped to meet the challenges of present day international education I have comprehensive experience of dealing with students of wide age range and different nationalities with different abilities level. In my present capacity, I am working as Director of A-level (CIE) centre in Beijing Royal School Beijing China. In addition to my managerial duties, I teach A-level /AP Chemistry courses. I have expertise in setting up science laboratories for A-level centre, conduct of examination and teaching faculty management. Another trait of my teaching -cum -administrative experience is to focus on both the effective learning of student and production of excellent A-level/AP results. How much I have been successful in these claims and strategies can be gauged from the fact that this is my 10th year in progress of working, as an administrator cum A-level/AP Chemistry teacher, in China successfully.
